Pharaoh

We each have within us a pharaoh—the hard one, the cruel one, the one who is closed to empathy and faith. When we are able to find and uproot the pharaoh who strangles us from within, that is the beginning of our liberation, our truly becoming whom we need to be.

What the Exodus Taught

So pharaonic oppression, deliverance, Sinai, Canaan are still with us, powerful memories shaping our perceptions of the political world. The “door of hope” is still open; things are not what they might be—even when what they might be isn’t totally different from what they are. . . . We still believe, or many of us do, what the Exodus first taught, or what it has commonly been taken to teach, about the meaning and possibility of politics and about its proper form: first, that wherever you live, it is probably Egypt; second, that there is a better place, a world more attractive, a promised land; and third, that “the way to the land is through the wilderness.” There is no way to get from here to there except by joining together and marching.
